

Risk Assessment: Learning visits					
Site, department, work area	WWT Martin Mere Learning Department				
Task being assessed	Learning visit to Martin Mere Wetland Centre				
Risk Assessor/s	Chris Whitehead				
Date of original Assessment	25.01.2019	Date of latest Review	22.01.2026	Next review due	22.01.2027

What is the hazard?	Persons at risk- who might be harmed?	How might people be harmed?	Existing Control Measures	Risk Rating With existing control measures L x S = RR			Is this acceptable ? Yes/ No	Further Action needed to Control the Risk?	Risk Rating With additional control measures L x S = RR			To be Actioned by (Person & date)
				Likelihood of harm	Severity of harm	Risk rating			Likelihood of harm	Severity of harm	Risk rating	
Water borne and air borne diseases passed from animals to humans	Children, teachers, visitors, volunteers & staff	Zoonotic infection	- Zoonosis policy and reduction procedures in place at WWT - WWT staff provide clear hygiene instructions at start of session. - Covering any cuts on the hands with a plaster is recommended. - Hand washing signs & facilities around site. - Good adult to child ratios to help with vigilance. - Regular cleaning of surfaces around site. - School to eat any packed lunches in designated areas. - If handfeeding of birds takes place, this is kept to designated areas, clear instructions are given and hands are washed afterwards.	1	4	4	Yes	No				
Nettles and plants	Children, teachers, visitors & staff	Stings, cuts and scratches	- WWT staff check areas prior to learning sessions. - Advised not to touch. - Ensure adequate nettle/bramble control through mowing or clearing of areas in public use. - Duty 1st aiders appointed each day. - Good adult: child ratios to help with vigilance.	1	3	3	Yes	No				
Berries and fungi	Children, teachers, visitors & staff	Poisoning from ingestion	- WWT staff provide clear health and safety instructions at start of session. - Hand washing signs and facilities around site. - Good adult: child ratios to help with vigilance. - Session leader briefs the children, teachers and other adults not to let children put berries, mushrooms, leaves, twigs, feathers, fingers etc. into their mouths whilst outdoors.	1	5	5	Yes	No				

What is the hazard?	Persons at risk- who might be harmed?	How might people be harmed?	Existing Control Measures	Risk Rating With existing control measures L x S = RR			Is this acceptable ? 				Likelihood of harm	Severity of harm	Risk rating			Likelihood of harm	Severity of harm	Risk rating	
Insects	Children, teachers, visitors and staff	Bites and stings	- WWT staff check teaching areas prior to learning sessions. - Duty 1st aiders appointed each day. - Good adult: child ratios to help with vigilance. - Nests cordoned off/removed in public areas. - Vegetation well managed by site team.	1	3	3	Yes	No				
Stings and bites	Children, teachers, visitors & staff	Allergic reaction	- WWT staff check teaching areas prior to learning sessions. - Duty 1st aiders appointed each day. - Good adult: child ratios to help with vigilance.	3	3	9	Yes	No				
Aggressive bird pecking	Children, teachers, visitors & staff	Injury	- Learners informed how to behave near birds. - WWT staff check teaching areas prior to learning sessions. - Duty 1st aiders appointed each day. - Good adult: child ratios to help with vigilance. - WWT staff notify Living collections/ reserve teams of problem birds.	1	1	1	Yes	No				
Uneven surfaces & change in surface types	Children, teachers, visitors & staff	Slips, trips	- Regular inspection and maintenance of surfaces & matting. - WWT staff check areas prior to learning sessions. - Duty 1st aiders appointed each day. - Good adult: child ratios to help with vigilance. - Sensible footwear to be worn by all – closed toe. - Session leader explains about trip hazards, e.g. logs and stumps in the wood.	2	2	4	Yes	No				
Litter and debris	Children, teachers, visitors & staff	Cuts, scratches	- Daily litter picking and site checks. - Good daily cleaning programme - WWT staff check areas prior to learning sessions. - Duty 1st aiders appointed each day. - Good adult: child ratios to help with vigilance.	2	1	2	Yes	No				

What is the hazard?	Persons at risk- who might be harmed?	How might people be harmed?	Existing Control Measures	Risk Rating With existing control measures L x S = RR			Is this acceptable ? Yes/ No	Further Action needed to Control the Risk?	Risk Rating With additional control measures L x S = RR			To be Actioned by (Person & date)
				Likelihood of harm	Severity of harm	Risk rating			Likelihood of harm	Severity of harm	Risk rating	
Moving vehicles or machinery/ equipment	Children, teachers, visitors & staff	Injury from contact	- Learning team informed of any contractors on site. - Health and safety controls in place for WWT staff and volunteers operating vehicles and machinery. - Contractors needing to move plant during opening hours- health & safety controls will be put in place prior to commencement of task. - Learning staff check areas prior to learning sessions. - Duty 1st aiders appointed each day. - Good adult to child ratios to help with vigilance. - Education staff ensure that coaches park safely (front to fence) on arrival. - Education staff supervise arrival and departure of children.	1	5	5	Yes	No				
Water	Children, teachers, visitors & staff	Drowning (falling into ponds whilst walking around site) Hypothermia Cold water shock Secondary drowning (water inhalation) zoonosis	- Clear verbal H&S advice given at start of visit. - Water bodies designed and managed to give a clear water's edge/ delineation. - Water bodies risk assessed. - Wearing of suitable footwear by all - Duty 1st aider appointed each day. - Adult: child ratio helps with vigilance. - Schools are not permitted to undertake the canoe safari due to supervision ratios.	1	5	5	Yes	No				
Equipment	Children, adults	Cuts, bruising due to incorrect use	- Learning staff check areas and equipment prior to learning sessions. - Clear verbal instruction/practical demonstration given by WWT staff before individuals use equipment. - Duty 1st aiders appointed each day. - Good adult: child ratios to help with vigilance.	2	2	4	Yes	No				

What is the hazard?	Persons at risk- who might be harmed?	How might people be harmed?	Existing Control Measures	Risk Rating With existing control measures L x S = RR			Is this acceptable ? Yes/ No	Further Action needed to Control the Risk?	Risk Rating With additional control measures L x S = RR			To be Actioned by (Person & date)
				Likelihood of harm	Severity of harm	Risk rating			Likelihood of harm	Severity of harm	Risk rating	
Hides	Children, teachers & staff	Slipping/ tripping on steep steps, slipping off high benches, trapping fingers in windows, bumping heads on window ledges	• Clear verbal Health & Safety advice given at start of visit. • Duty 1st aider appointed each day. • Adult: child ratio helps with vigilance. • Hides checked and maintained regularly.	2	2	4	Yes	No				
Hot and cold weather	Children, teachers, visitors & staff	Sunburn, heatstroke, dehydration hypothermia	• Clear advice given to teachers prior to visit regarding appropriate clothing/ footwear/equipment. • More suitable location used if necessary. • Shelter provided for lunch breaks. • Duty 1st aiders appointed each day. • Tap water available. • Sun cream provided to staff and vols. • Appropriate uniform provided to staff and vols. • Good adult: child ratios to help with vigilance.	3	1	3	Yes	No				
Ice and/or snow	Children, teachers, visitors & staff	Slip/fall. Feeling cold/ hypothermia	• Daily site checks by grounds staff. • Path gritting procedures in place. • Health and safety talk by WWT staff. • Good adult: child ratios to help with vigilance. • Wearing of suitable footwear and clothing	2	2	4	Yes	No				
Pond dipping	Children, teachers, visitors & staff	Infection, poisoning from water borne disease/ algal blooms	• WWT staff provide clear hygiene instructions at start of session. • Hand washing signs and facilities at Pond Zone. • Plasters and gloves available • Good adult: child ratios to help with vigilance. • Pond dipping areas regularly checked and maintained	1	3	3	Yes	No				

What is the hazard?	Persons at risk- who might be harmed?	How might people be harmed?	Existing Control Measures	Risk Rating With existing control measures L x S = RR			Is this acceptable ? Yes/ No	Further Action needed to Control the Risk?	Risk Rating With additional control measures L x S = RR			To be Actioned by (Person & date)
				Likelihood of harm	Severity of harm	Risk rating			Likelihood of harm	Severity of harm	Risk rating	
Pond dipping - Misuse of equipment	Children	Cuts and bruises	- WWT staff to provide clear health and safety instructions at the start of sessions including appropriate behaviour. - Good adult: pupil ratios to help with vigilance. - WWT staff and attending school adults to remove equipment if misuse is suspected.	2	2	4	Yes	No				
Pond dipping - Water creatures	Children, teachers, visitors & staff	Bites from Greater water boatmen & Dragonfly nymphs	- WWT staff check areas prior to learning sessions. - Duty 1st aiders appointed each day. - Good adult: child ratios to help with vigilance. - Warn participants that some creatures bite so not to touch any.	1	3	3	Yes	No				
Hand sanitiser.	Children, teachers, visitors & staff	Irritation, allergic reaction	- Individuals with sensitive skin advised to use soap and water. - Please note that use of alcohol-based hand gel by Muslims is allowed as contributes to personal hygiene and the alcohol is not absorbed into the body.	1	1	1	Yes	No				
Using play areas	Children, teachers, visitors and staff	Falls, cuts, other injuries from play equipment	- All play areas and apparatus comply with standards. - Play areas regularly inspected and formally accessed by a competent person. - Areas cleaned and litter picked daily. - Duty 1st aider always available. - Adult helpers and staff to encourage safe play. - There are signs at both entrances asking teachers and parents etc. to supervise their children at all times.	2	2	4	Yes	No				
Child or adults at risk becoming separated from guardians	Children, adults at risk	Trauma, injury	- WWT staff provide clear instructions at start of session re staying together. - Teaching staff and helper vigilance. - Good adult: child ratios to help with vigilance. - WWT's Lost child procedure implemented if necessary.	2	1	2	Yes	No				

What is the hazard?	Persons at risk- who might be harmed?	How might people be harmed?	Existing Control Measures	Risk Rating With existing control measures L x S = RR			Is this acceptable ? Yes/ No	Further Action needed to Control the Risk?	Risk Rating With additional control measures L x S = RR			To be Actioned by (Person & date)
				Likelihood of harm	Severity of harm	Risk rating			Likelihood of harm	Severity of harm	Risk rating	
Safeguarding risks	Children, adults at risk	Inappropriate behaviour, abuse, kidnapping	- WWT safeguarding policy, reporting system and guidance in place and training provided to all WWT staff and volunteers. - If a copy of the policy is needed or education staff have any questions prior to the visit, please do not hesitate to ask your WWT contact. They can also ask the WWT safeguarding lead to contact you if necessary. - Learning staff all have enhanced DBS clearance. - Vigilance of all staff and volunteers (radios) - Photography not allowed of areas/activities when children participating unless consent has been given. - Good adult: child ratios to help with vigilance. - WWT's Lost child procedure implemented if necessary.	1	5	5	Yes	No				
Gates	Staff, visitors, volunteers	Trapped fingers	- Gates have appropriate signage to inform visitors of push/pull action required. - First aider on site at all times.	3	1	3	Yes	No				
Wheelchair users moving around site	Wheelchair user, other visitors, staff, teachers	multiple	- Pathways are tarmac and level- to ensure safe movement around site - Reed bed boardwalk is wooden in construction and wide enough to accommodate a wheelchair. - Passing places in place for safe movement through the reed bed. - Wheelchair users can pond dip safely at the raised pond. - Powered wheelchairs may not use the boats – due to weight limit of ramp onto boat. - Manual wheelchair users can if accompanied by a person capable of getting them into and out of the boat. Boat specific risk assessment details procedure for loading/unloading wheelchair users.	1	1	1	Yes	No				

What is the hazard?	Persons at risk- who might be harmed?	How might people be harmed?	Existing Control Measures	Risk Rating With existing control measures L x S = RR			Is this acceptable ? Yes/ No	Further Action needed to Control the Risk?	Risk Rating With additional control measures L x S = RR			To be Actioned by (Person & date)
				Likelihood of harm	Severity of harm	Risk rating			Likelihood of harm	Severity of harm	Risk rating	
Fire	Children, teachers, visitors & staff	Burns, smoke inhalation	- In case of fire, WWT staff will lead evacuation procedure. - Teachers to be aware of signage and follow instructions.	1	5	5	Yes	No				
Furniture	Children	Bruises and grazes from collisions with tables, benches.	- Behaviour code of conduct included in the T&Cs. - Site staff undertake checks on furniture at regular intervals, to make sure it is fit for purpose.	2	1	2	Yes	No				

WWT RISK SCORING MATRIX

Consequence of Accident/Incident			Likelihood of Accident/Incident occurring					Almost Certain
				Extremely Unlikely	Unlikely	Possible	Very Likely	
Equip/Property	Injury	Disease		1	2	3	4	5
Insignificant Damage, no rework	Insignificant No lost time	Insignificant Not applicable	1	1	2	3	4	5
Minor Damage requiring rework < 2 hrs	Minor Injury with up to 3/7 days lost time	Minor Non – Disabling	2	2	4	6	8	10
Moderate Damage requiring rework > 2hrs	Moderate Over 7 days lost time	Moderate Disabling, but fit for normal duties	3	3	6	9	12	15
Major Damage requiring rework > 8hrs	Major Long term absence	Major Disabling, Unfit for normal duties	4	4	8	12	16	20
Catastrophic Scrap of Eqpt/ plant	Catastrophic Death	Catastrophic Death attributable to disease	5	5	10	15	20	25

Emergency information

Location of nearest phone	Admin office in the main building
Local hospitals (emergency and non-emergency)	A&E Ormskirk (children only plus walk-in minor injuries) A&E Southport (adults only)
Access points for emergency services	Controlled vehicular access to East side of the Education Centre.
