

Slimbridge Wetland Centre

Sensory Story

Slimbridge is a haven for wildlife and people.
This means you will see lots of different plants
and animals here.

When I visit Slimbridge

I might see:

Animals feeding

Different species of birds

Butterflies and other minibeasts

Seasonal colours

When I visit Slimbridge

I might hear:

Birds making different sounds

Plants moving in the wind

Machinery and people working

Other visitors

When I visit a WWT centre

Birds and the food inside their houses

Plants and flowers (water mint)

I might smell:

Food and drink from the Restaurant

Cleaning products

When I visit a WWT centre

I might feel:

Different materials under my feet
(paths with gravel on or made of wood)

Different materials under my feet
(tarmac paths)

Props on our interpretation panels

Picnic benches made of plastic

When I visit
a WWT
centre

A drink from my water bottle

Food from the Restaurant

I might taste:

Food from my packed lunch

My snack item

Please ask a member of staff where to find quiet areas.

Learning team staff wear pink or blue uniforms with a swan on.

We look forward to seeing you
during your visit to
Slimbridge Wetland Centre
